Read what two reviewers said about *The Candlestone*:

The Candlestone taught me a lot about trust, faith in God, and trust in each other. God is already there and at work even before I pray.

I totally enjoyed *The Candlestone*. As a 12-year-old voracious reader of adventure and mystery books, this series really hit the spot. I strongly encourage Mr. Davis to hurry and finish the next book in the series. I recommend *The Candlestone* to mystery readers ages 11 and up. -- **Estee Wells, Christian Book Previews.com**

The Candlestone is a fresh Christian alternative to the secular world's books of wizardry. Bryan Davis manages to weave a contemporary account that rivals the best of King Author's ancient tales. In the midst of captured dragons and swordplay, Davis inserts touches of technology that will draw in even the most cutting edge teen. This is a 'must read' for fantasy fans and medieval enthusiasts of any age. - **Louise Bergmann DuMont, Author & Speaker**

More great reviews!

“Romantic Times Book Club Magazine” chose *Raising Dragons* as their “Top Pick” for young adults in their November issue. Don't worry, parents. *Raising Dragons* is not a romance. This magazine regularly reviews books in other categories.
